EXPERIENCE THE **TOTAL SCHOOL TRANSFORMATION CONFERENCE**

Join us for a first-hand look at the work being done to transform teaching and learning in Caddo Parish Public School's Transformation Zone. Conference participants will experience site visits to three Transformation Zone schools, keynote addresses from students and district leaders, and breakout sessions related to school-based transformation.

The Transformation Zone seeks to unite a group of historically underperforming schools in the transformation process, yielding significant graduation and attendance rate increases along with major reductions in school discipline. Additionally, four schools were recognized as "Top Gains Schools" for being in the top quartile of growth in the state. The Transformation Zone has produced the district Principal of the Year the last three years, a National School Innovation and Change Award winner, as well as an increase in community partnerships from across the city.
